---

Step off the racetrack and onto the red carpet – **My Yacht™ F1 Club** is bringing a European-style nightclub to Austin for **Formula One** weekend. This unique nightlife experience from international luxury event planner My Yacht™ Group brings glitz and glamour straight from a yacht party at the Monaco Grand Prix.

My Yacht™ Group CEO and three time Olympian **Nicholas Frankl** is looking forward to welcoming racing fans over the weekend. "We thought that as there was really an opportunity to have this type of nightlife experience in Austin, then it would be fun thing to do and to be a part of the inaugural F1 Grand Prix." In bringing such an exceptional event to Austin, Frankl believes that while the city will provide a magnificent racetrack experience, My Yacht™ F1 Club will extend a rare after party event that caters to elite clientele who will be rolling into town for F1. "Part of the evening experience, as well as the fun and the cultural elements that Austin provides, you also have the demand from high-end clients who are coming with their Ferraris, Lamborghinis and private jets," says Frankl. "They want to go to a club and party hard with sophisticated, cool celebrities with bottle service, expensive drinks and really have a big weekend."

Guests will certainly be treated like celebrities and will be provided a complete VIP experience, including premium beverage service while dancing to club beats by international DJ Alex Karlsson along with A-list stars and athletes. Guests will also be given the opportunity to share the same exclusive gold-infused champagne that Usain Bolt enjoyed after winning his gold medals in the London Olympics, as Comte de Mazeray will make its US debut at the event. Complete with Patron specialty F1-themed cocktails, a special fleet of 2013 Lamborghinis lining the entrance and access to F1 drivers, attendees can expect sophisticated, world-class Formula One weekend entertainment.

*The three-night affair is set to take place at Ballet Austin Academy during Formula One weekend Nov 16-18. For more information or to reserve a table, visit [myyachtf1club.com](http://myyachtf1club.com).*
