# Vontobel

2018 marks our 8th consecutive reception with presenting partner [Vontobel](#) at Miami's art week. During that time, Vontobel's USA asset & wealth management divisions have grown to \$20bn of assets under management from its private & institutional clients.

A love of art is part of its corporate culture: "[A New Gaze](#)", an annual contemporary photography prize, awards CHF20,000 to realize an upcoming artist's project from concept thru to exhibition.

## [Vontobel Asset Management](#)

Home for our reception will be [M/Y Fae Lon](#), the largest volume Burger yacht ever built, that's currently for sale through [David Ross](#) at Yacht Zoo.

The never-chartered family yacht is a beautifully-maintained American classic, sleeping 12 in 5 roomy staterooms including a main deck master suite. With a wide beam, gorgeous veneers & hand-crafted cabinetry, vast sundeck with jacuzzi, & small 1.6m/5ft draft she's perfectly suited for shallow cruising in the Bahamas, & beyond.

# JET IT

We welcome new partner [Jet It](#), the hybrid fractional jet program that combines the newest, state-of-the-art HondaJet Elite with an affordable, equity-based travel solution. An innovative day model vs. hours allows owners to fly as much as you want on your days.

\$1,600 p/h with no reposition fees (the lowest in the industry), more bag & leg room, full w/c, plus all the tax benefits of ownership, Jet It is private, fast & smart.
