Expanding from its 2018 Monaco, Monterey and Art Basel Miami blockchain summits, MYG began by welcoming UHNW guests and brand partners to an intimate, curated 'night-before' dinner at the exclusive Yacht Club de Monaco, followed on Friday by its traditional charity reception, that was preceded by a well-attended New Tech summit.

With 60m superyacht M/Y Skyfall providing an impressive setting, the evening spotlight charitable partner Prince Albert II of Monaco Foundation and the important environmental work and initiatives it is spearheading globally. Notable attendees included IAAF president and Olympic champion Lord Coe, Baroness Mone O.B.E., over two dozen superyacht owners, prolific car collectors, Monaco Private Label executives and VIP international guests, F1 drivers, Olympians, plus local and visiting UHNWI. ✈
