

Aboard M/Y Miss Money Penny V with Vontobel, Axiom Space, Burgess Yachts, Benefitting YachtAid Global

Set against the backdrop of the iconic Fontainebleau Hotel our 9th annual Art Week Miami reception in partnership with [Bank Vontobel](#) welcomed guests to the [Fontainebleau Marina](#) for the first time, aboard the stunning 165ft [M/Y MISS MONEYPENNY V](#), currently for sale with [Burgess Yachts](#).

[Axiom Space](#), fresh from hosting another (U)HNW curated “Night Before” private dinner, made it's Miami debut aboard with an out-of-this-world VR guest experience. The reception welcomed Vontobel executives & top clients, along with a broad array of international (U)HNW, superyacht owners & charterers, private aviation owners & charterers, auto racing team owners, supercar & art collectors, Art Basel VIP guests & Collector’s Circle members.

The evening raised both awareness & funds for charity partner [YachtAid Global](#) through on board pledges plus a silent auction that featured art works donated by [Gallery 211](#), YAG superyacht Captains, & more.

A live saxophonist & DJ, plus “Space Station” & “Astronaut” [Rebecca Creek Distillery](#) custom cocktails & magnums of [Whispering Angel](#), kept the mood lively.

With sincere thanks to our partners & guests for another memorable charity superyacht reception, & below a few pics from the evening.
