Nicholas Frankl, Founder & CEO of My Yacht Group, talks to Nancy Heslin

Anywhere there's a gathering of the 1% of the 1%, Nicholas Frankl is close by, "megayacht in tow". And Frankl, whose My Yacht Group creates unique turnkey luxury hospitality on board private super yachts, has a supreme (and shoeless) guest list, from astronauts to Olympians, and from A-Listers to royalty.

Case in point, five years ago, at My Yacht Group's legendary Friday night bash during the Monaco Grand Prix weekend, the head of a Monaco private bank was on board, as were Lewis Hamilton, Nigel Mansell and, as every year, HSH Prince Albert.

The banker approached Frankl, who lives between Monaco and LA, and said, "Nicholas, I live in Monaco and I can't get hold of these people. I estimate you have at least \$100 billion worth of guests on board and you've only got 100 people."

While Frankl admits he doesn't ask his friends for their bank balances, his My Yacht Group parties bring together an extraordinary variety of like-minded synergistic company, like astronaut Felix Baumgartner, John Lennon's son Julian, Pakistan's prime minister Shaukat Azizi, Denise Rich, Steve Wynn, easyJet founder Sir Stelios Haji-Ioannou, and many others...

Black Card Emotion

A Billionaire Weekend at The 2018 Monaco F1 Grand Prix With My Yacht®

The 76th Formula 1 Grand Prix de Monaco 2018® saw My Yacht Group (MYG) celebrate its most significant event to date aboard three magnificent vessels: the 78m / 256ft explorer vessel M/Y Legend, 70m / 226ft sister megayacht M/Y Sherakhan, and 44m / 145ft superyacht M/Y Kijo, during a packed weekend schedule of dinners, parties, fundraising, and more.

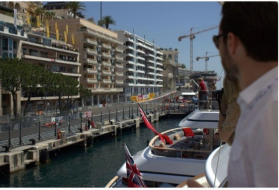

In addition to hosting a slew of discerning HNW guests aboard its traditional 4-days of trackside My Yacht® activities, race viewing and hospitality, where F1 legend Eddie Jordan gave a pre-race talk to guests, it also launched BlockChain Royale. With a significant sponsorship deal paid 100% in Bitcoin, the first of its kind for Monaco or Formula 1, this new initiative within the nascent blockchain industry, welcomed over sixty fintech visionaries, VC leaders, philanthropists, authors and those at the forefront of the blockchain community.

Experience The Monaco Grand Prix Like A Billionaire On Board A Superyacht

Few sporting events transcend sport quite like the Monaco Grand Prix that kicks off the summer in style every May. Royalty, celebrities, billionaires and speed junkies flock to the French Riviera to see 1,000 horsepower Formula 1 race cars ripping around Monaco's famous harbor front. And, of course, they come to see and been seen at one of the most glamorous and prestigious events of the year.

Hard to be much closer to the action than on a My Yacht Group chartered yacht during the Monaco Grand Prix. [1-2] [see more](#)

There are other ways to line up the ultimate Monaco Grand Prix party weekend as well. Nicholas Frankl, the founder and CEO of My Yacht Group has been creating multi-day race viewing experiences from yachts moored on a prime trackside berths on the Quay des Etats-Unis straightaway for 14 years.

My Yacht and official charity partner Prince Albert II of Monaco Foundation, host one the hottest parties of the weekend where guests can mix with HSH Prince Albert II, olympians, astronauts, business leaders, and other celebrities on the track side yacht. And since can't get any closer to the action during races, the only thing you'll have to do is decide all weekend is what type of champagne you'd like to have.
