

ASTRONAUTS & ANGELS

[My Yacht Group](#) continued its series of intimate Astronaut Dinners, returning to Monaco to showcase [Axiom Space](#), with not one but two astronauts captivating the attention of a very select group of guests. Two incredible dinners, one in conjunction with [Monaco Private Label](#) at the Hermitage Hôtel, & aboard a private superyacht, preceded an 'Angelic Evening' with [Château d'Esclans](#) at the Yacht Club de Monaco.

Uniquely qualified U.S. Astronaut Hall of Fame & 4-time astronaut, [Michael Lopez-Alegría](#) - with 257 days in space & 67 spacewalk hours - spoke about the life-changing effects of a journey to 250 miles above the earth, while on a short break from an intense training schedule ahead of his next launch: February '22 sees Cdr. MLA become a 5-time space traveler as he helms Ax-1, Axiom's first fully private mission to the ISS.

He was joined by 2-time NASA astronaut [Nicole Stott](#), who has spent 104 days in space, is the 10th woman to perform a spacewalk, & the first person to paint a watercolor while orbiting the earth at 17,500 mph!

Magnums of [Perrier-Jouët](#) welcomed guests to the private yacht dinner that included gifts of custom Axiom Space socks by [Falke](#).

Thursday evening saw yacht & jet owners, select UHNWI, & VIP guests joining My Yacht® and Château d'Esclans, plus Axiom Space, for an angelic rosé celebration at the esteemed Yacht Club de Monaco.

With sparkling views over Port Hercules guests enjoyed an incredible selection of rosé wines, from worldwide favourite Whispering Angel to the award-winning Garrus, perfectly complimented by a mouth-watering truffle menu by famed connoisseur & Michelin-starred Chef Bruno.
