## AXIOM SPACE

We're thrilled to welcome back **Axiom Space** following the successful completion of the Ax-1 Mission, that saw 3 private astronauts & Commander Michael Lopez-Alegria enjoying a 15-day stay aboard the International Space Station, where they completed over 30 STEAM (science, technology, engineering, art, & math) engagements, plus minted the first NFT from space!

## VITA INCLINATA

**Vita Inclinata** is on a mission to eliminate all preventable deaths in the industrial & aerospace industries. "Bring them home, every time" sees Vita's precision control technology for helicopters & crane hoist operations saving lives, time, & money across a slew of industries including search & rescue, military, firefighting, construction, & more. One of their units will be on display on board in Miami.

**THE  
ENGLISH  
HOSPITALITY  
GROUP**

We're excited to welcome aboard world-renowned Chef **Todd English**, whose accolades include National Rising Star Chef & Restaurateur of the Year. Guests will be treated to a gastronomic feast featuring many of his signature dishes. His original 1989-opened restaurant "Olives" is now one of twenty eateries spread across the globe, with more to come through an expansion by **The English Hospitality Group**.

# crescent

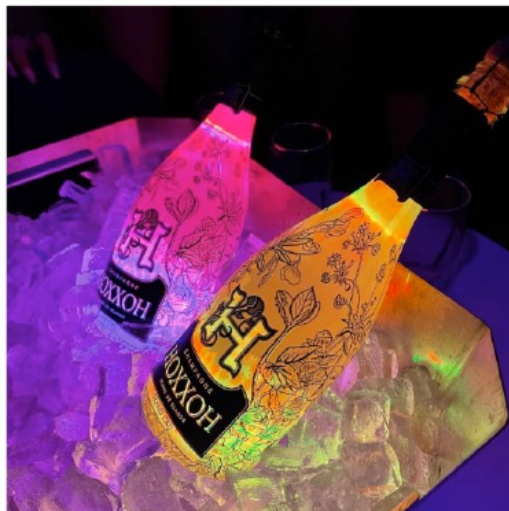

We are delighted to welcome **Crescent**, the US-based finance start-up, back aboard. Founded in 2018, with a recently-closed \$5M investment round, the platform offers a high-yield account for accredited businesses & individuals. After its recent launch of a compliant 4% APY on idle cash with next-day liquidity, the platform is expanding into traditional securities & alternative digital asset investments ranging from 2-10%+ APY.
