

## Monaco F1 - May 27-29

We are less than 10 days away from the 79th Monaco Grand Prix!

We will be trackside aboard our stunning 52m / 170ft superyacht, our floating home for luxury hospitality & race viewing all weekend, plus our 15th Friday Night Charity Reception, in conjunction with [Prince Albert II of Monaco Foundation](#).

Yes! Take me to Monaco!

## Bringing The Heat!

**My Yacht® Group** brought its signature flair back to Miami for the inaugural Formula 1 Miami GP, the newest – & hottest! – addition to the annual F1 calendar.

Ahead of the Miami debut of **My Yacht Club**, & continuing its series of (U)HNW investor summits, a curated group of over 100 local & international (U)HNWI, representing over \$100bn in liquidity & investable assets, gathered aboard 56m / 185ft Gene Chaser to learn more from several partners.

**Dr. Jonathan Rothberg**, awarded the **National Medal of Technology & Innovation** by President Obama in 2016, & owner of research vessel Gene Chaser & 'mothership' M/Y Gene Machine, spoke about **4Catalyzer**, his biotech startup accelerator, many of whose technology partners' devices & machines could be viewed & experienced in the yacht's working lab.

Guests enjoyed a mouthwatering selection of signature dishes from world renowned Chef **Todd English**, including "Liquid Gold": truffled Alaskan king crab with gold leaf-infused French butter sauce & golden Ossetra caviar, prepared live on deck.

With huge thanks to our partners **Manhattan West**, **Vita Inclinata** who impressed guests with a live demonstration of its precision control technology, **Crescent App**, **Zero-G**, & **Axiom Space**, with Commander MLA enthralling everyone with his just-returned-to-Earth stories from his successful Ax-1 mission to the ISS.

**Photo Booth Fun!**
