

Art x Design x BioTech + SuperYacht

My Yacht® Group returned to Miami to celebrate its 11th annual charity superyacht soirée during the 20th iteration of the world famous art week.

Marking 11 years as title sponsor, **Vontobel Swiss Wealth Advisors**, fresh from its recent acquisition of UBS Swiss Financial Advisors, hosted key clients during an incredible night of art, design, & technology aboard 185ft research vessel Gene Chaser.

Moored stern-to-stern with 'mothership' Gene Machine, MYG's Nicholas Frankl & owner **Dr. Jonathan Rothberg** welcomed the gathered guests, all of whom could "Touch The Future" in the **4Catalyzer** onboard labs.

Bang & Olufsen created a sensory experience in the B&O Lounge, debuting custom BeoLab 90 speakers alongside the Beovision Harmony 88", & BeoSystem 72.

One lucky guest won a weightless flight experience with **Zero-G** & got a high five from **Axiom Space** Chief Astronaut Cmdr. Michael Lopez-Alegría, who was on hand to talk all things space, fresh from his 5th mission to the ISS.

Raising awareness for **YachtAidGlobal**, the evening featured libations from longtime partners **Whispering Angel**, & **Rebecca Creek Distillery**, plus **Ume Liqueur** & ServedUp water.

Installations included a spray-painted gorilla by Richard Orlinski, plus works displayed by Bel Air Fine Art & Art4Change.

With thanks to our wonderful partners & guests for helping us to create another memorable evening. Select images below.
